MERTON MUSIC

Merton Music is devoted to making rare string chamber music accessible to players at prices which will positively encourage exploration. There are 1100 items in the catalogue from 300 composers, most of whose names you will find in the border. Not all are masterpieces but very few deserve the neglect they have endured because their original publishers allowed them to go out of print. All can be posted to you direct from the publisher, Theo Wyatt, in London at the following standard price per page of music, post-free; a fraction of the price of commercial publications:

U.K.	£0.10
U.S.A	$0.20
Germany	€0,20
Holland	€0,20
Australia	A$0.30
Sweden	SEK1.50

The music is supplied in parts ready for the music stand on 100gsm A3 paper in a 160gsm cover. For many of these works separate scores are available.

For a free 24pp. catalog containing an order form and full instructions on how to pay in your own currency contact one of the following:

MERTON MUSIC

Merton Music is devoted to making rare string chamber music accessible to players at prices which will positively encourage exploration. There are 1100 items in the catalogue from 300 composers, most of whose names you will find in the border. Not all are masterpieces but very few deserve the neglect they have endured because their original publishers allowed them to go out of print. All can be posted to you direct from the publisher, Theo Wyatt, in London at the following standard price per page of music, post-free; a fraction of the price of commercial publications:

U.K.	£0.10
U.S.A	$0.20
Germany	€0,20
Holland	€0,20
Australia	A$0.30
Sweden	SEK1.50

The music is supplied in parts ready for the music stand on 100gsm A3 paper in a 160gsm cover. For many of these works separate scores are available.

For a free 24pp. catalog containing an order form and full instructions on how to pay in your own currency contact one of the following:

No. 4765

Anton Beer-Walbrunn (1864-1929) was a German composer and teacher.. He qualified initially as a schoolteacher following his father's wishes, but after his father;s death in 1886 he enrolled in the Munich Academy of music as a composition pupil of Rheinberger. From 1901 he taught at the Munich Academy where his pupils included Furtwängler and Alfred Einstein the musicologist.

Wilhelm Altmann writing in Cobbett's *Cyclopedic Survey* describes Beer-Walbrunn as a composer of sterling worth, sincerely devoted to the classical tradition, whose chamber music possesses both interest and charm.
