

Due to size issues, several extra-large files have been temporarily disabled, including this file. They should be re-enabled in a few weeks. This includes all files above 70MB in size, as well as a few 60+MB files from the Roth Dana collection.

Nearly all files disabled (with the exception of one) are from the Roth Dana collection of the first editions of the works of Franz Liszt. They can also be downloaded from the Juilliard library website:

Note to uploaders: Reuploading of the said files is not necessary; I will restore the file as soon as I can.

The following is a list of files disabled (file name in square brackets):
