Orlarga y cierta experiençia tenemos muy Illus-

Istre Señor toda obra de virtud ser su fin en grado de inerescamiento al que la hazer: y que esto sea asíclaro nos lo muestre los antiguos filosophos y catholicos doctores cuya virtud y doctrina deuria estar siempre delante nuestra memoria: pues gastarō el tiempo no solamente en hazer obras de virtud para de presente mas trabajaron de sacar simiente della: cuyo fructo vistiesse en esta vida de immortalidad a los hom̄bres como parece y lo veemos en las obras q̄ hizierō: q̄ escriuēdo alta y profundamente los secretos de naturaleza y la moral philosophia dieren luz y noticia della a los que despues vinierō. Considerado esto muy Illustre señor y que el estudio de mi vida a sido en el ejercicio de la musica: así en saber la proporcion que tiene como en la practica y ordenacion della. y junto a esto que lo mas del tiēpo he empleado en la musica de la Glibuela por ser mi principal fin este con buen deseo y voluntad he trabajado de hazer estos seys libros de musica de cifras para tañer Glibuela intitulados del Delphin. y conjusta causa/ porque es un pescado muy aficionado y sentido en la musica del qual se escriuen grandes cosas. yo me he mouido con buen zelo t intencion a hazer en libro como este nuevo y prouecho que hasta estos tiēpos en España no se a dado principio a una inuención y arte tan delicada como esta y gozaran por mi industria: los que quisieren saber tañer de cosas muy buenas en la Glibuela y para virtuoso pasa tiempo y honesto deleyte. Si yo viere que facan fruto del (plazicido a dios) sacare en publico otras mayores obras y de mas fundamento: que hasta ver el suceso desta que ya a descubrir voluntades no sacare: y como fuere así sera de las otras: y atento mi buen fin y deseo: y visto y apronado lo que aqui embio por vuestra Señoria: cōsentire la determinacion de los sabios que lo quisieren juzgar (porque aquello sera lo mas acertado) y cōforme a lo que de lo sintiere dexare o continuare enlo por venir. A la señoria lo vea/ a la qual suplico que con la discrecion y saber que en todas las obras se gouierna con amor y voluntad mire y corrija esta: que siendo de tau cierto servidor suyo con derecho titulo se podra dezir suya.

Coplas al muy Illustre S. el S. comendador mayor de Leon.

La virtud mas principal
que al fuego se da y aplica
es qite de su natural
echando en el metal
del todo lo purifica.
y asi quiso datus Dios
tau gran virtud entre nos
que ala obra que tocays
no solo purificays
mas torma valor de vos.

y con este presupuesto
con la chica obra mia
oso auenturar el resto
ya que en el fuego me he puesto
ante vuestra señoría.
Por que de muy cierto se
que el valor que se le de
es a mi gran beneficio
recibiendo mi servicio
con la voluntad que fue.

Si fuere ante vos acepto
tan gran luz dara de si
que casi como precepto
lo teria qualquier discreto
tatiendo lo que esta alli.
Que por que lo mereceys
tantos subditos teneyss
ganados y no por guerra
que do llega vuestra tierra
avii vos mismo no sabeys.

y teneyss tal poderio
que a vos se vienen las gentes
conociendos senorio
como a caudaloso rio
donde paran las corrientes.
y por un camino vays
que las virtudes que vsays
es la boz que se derrama
y es el eco vuestra fama
que responde alo que cobrays.

Quando pienso como fue
vuestra discrecion tan alta
luego me allego ala fe
que lo que de vos no se
es por parte de mi falta.
Pues naciste en el signo
que nacio Orphco el diuino
fauoreced mi Delphin
que es subdito vuestro al fin
pues por esto solo es digno.

Con justa causa y razon
lo deueys fauorecer
por que dareys ocasion
que por vuestra deuocion
muchos se muestran tamer.
Deste libro trasladado
sera el que fuere estampado
si vuestro seruicio fuere
que si dello se siruiere
sera el libro bien librado.

Considerado que ay personas que no entederían las cifras de tener al menos algunos principios que para la claridad dellas yo he inuertido. me he mouido a poner al cabo deste libro algunas reglas con las cuales sabiendo cantar un poco de canto de organo: muy facilmente se puede poner en la Gihuela y entender algunas dudas que podrian ignorara no auer preceptos para sabelas.

Las seys rayas ala larga es de entender q son las seys cuerdas dela Gihuela tomado las desta manera.

Las letras de cuenta del Guarismo significan numero contando de uno hasta diez exemplo. I . Z . 3 . 4 . 5 . 6 . 7 . 8 . 9 . X . saluo esta letra. O . que en la cuerda que estuviere se ha de dar en vacio.

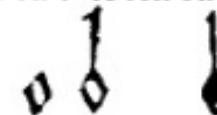

Losos estos numeros se señalá en q trastes an de tocar las cuerdas y asi en la cuerda q estuviere alguno de los si fuere este numero. I . tocaran en el primer traste. y si este numero. Z . tocará en el segundo traste y por el consiguiente de los demas: y todos los numeros q estuviere en fréte los vnos ó los otros tocar se an juntas las cuerdas en q estuviieren y quado esten por si apartado el uno del otro tocarse ha cada cuerda por si como aquise muestra.

The musical score consists of two staves. The top staff uses a six-line staff system where each line represents a string. Numerical values (3, 4, 5, 6, 7, 8, 9, X, O) are placed above the strings to indicate which ones to play and when. Below this, a series of vertical strokes (dots and dashes) represent rhythmic values. The bottom staff follows a similar pattern, ending with a small illustration of a guitar.

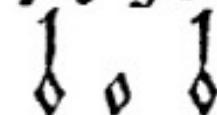

Las figuras de canto de organo que está encima ó las rayas señalan el valor de los golpes / y asi todo numero que estuviere con otros o por si se le dara el valor de la figura que tuviere por señal exemplo.

Los púnticos que ay en los espacios entre raya y raya siruē de guiar los numeros q se an de dar juntos. y asi mismo guian las figuras de canto de organo sobre los numeros que an de estar como en el exemplo de arriba parece.

¶ Las rayas que atravesan las cuerdas dividé en cōpas que son los golpes que ay de una raya a otra/que si es vn golpe se le dara el valor de vn semibreve; y si ay dos golpes se le ha de dar a cada uno valor de una minimá. y si son cuatro golpes se le daran el valor de cuatro seminimas. y si ay ocho golpes se le daran valor de ocho corcheas: que cada uno de estos cuatro numeros por si hacen vn compasillo.

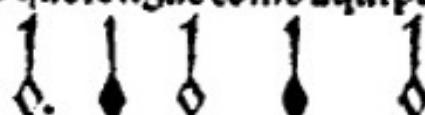

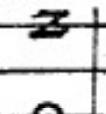

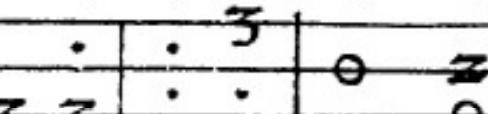

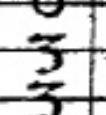

Exéplo. □

¶ Así mismo todos los golpes q ouiere de una figura de coto de organo a otra: se tañerá al cōpas q llevan: que si encima dí golpe esta vn semibreve; todos los golpes suétes hasta llegar a otra figura valdrá cada uno valor de vn semibreve q es vn cōpasillo; y si fuere la figura de minima valdrá cada golpe medio cōpas y por el semejante se tendrá cada golpe como fuere la figura de quien toma valor: como aquí.

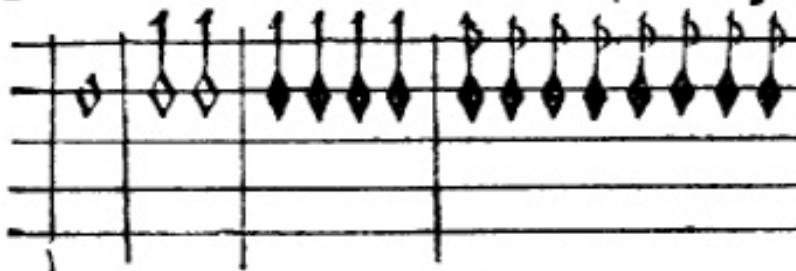

¶ Algunas veces acaba el cōpas en vn semibreve sin copa/o minima cō púntillo; y encima atrauesa una raya en arco q pasa el cōpas q se sigue. Donde hallaren esta señal tégan aql golpe el valor de la figura q está encima. y la raya q atrauesa da a entender q la mitad del semibreve/o el púntillo que está delante la minima es del cōpas que se sigue como aquí parece.

Cuales se han tratado del entendimiento de las cuerdas trastes y figuras: y de la manera que se ha de tener en el tñer/bien en éste dire de los tiépos con que se señalará las obras que ay en este libro/y como an de tñer las proporciones y del cōpas que an de llevar en las fantasias y obras cōpuestas; para que conozcan quādo la musica ha de yr de espacio/o apresilla tafuda: que esto sera segun con el tiépo que se señalare al principio.

Cópas se llaman la distancia y espacio que ay de vn golpe a otto/ y dos maneras de cōpas mayor y menor el mayor contiene en si dos del menor q se dice cōpasillo: del qual nos seruiremos en este libro por que es mas facil y claro de entender: y a esta causa todo lo q agora se canta es a cōpasillo que es el valor de vii semibreue o dos minimas/o quattro semiminas/o de ocho corcheas q qualquiera destos numeros hñez vn cōpasillo.

CExemplio.

CEste cōpasillo se señalará al principio de cada obra: cō uno destos dos circulos. q q que se llaman tiépos. El primero denota q el cōpasillo se ha de llevar algo a præsia para q parezca bien la obra q se tñiere. El segundo dnde estuviere se llevara el cōpasillo muy de espacio porq así lo requiere la obra por la cōsonancia/odiminuciō q tñdra.

CDe proporciones.

CSolamente resta tractar de quattro maneras de proporciones que se hallaran en este libro. La primera de tres semibreves en vn compas. La segúda de tres se minimas en vn compas. La tercera de seis semiminas en vn compas. La quarta de nueve semibreves en vn compas.

CLa proporción de tres semibreves en vn cōpas: se señala con estos dos numeros. $\frac{3}{1}$.tres a uno: que es proporción tripla y significa que como yua vn semibreve en vn compas se lleuen tres semibreves.

CLa proporción de tres minimas en vn cōpas. se señala con otros dos numeros que son estos. $\frac{3}{2}$.tres a dos que es proporción tercualtera y significa que como yyan dos minimas al compas vayan tres.

CLa tercera proporción se señala cō estos numeros. $\frac{6}{4}$.seys a cuatro que así mismo es serquialtera y se ha de entender que como se llenauan cuatro se minimas en vn compas lleuen seys se minimas.

C La quarta proporción se señala con estos dos numeros. $\frac{2}{3}$. nuncia a tres que se llama tripla / y significa que
mo y van tres semibraues en vn compas se lleuen nuncia.

C Quando se deshiziere alguna destas proporciones sera señalando el tiempo que se puso al principio dela
obra que sera vno de los dos circulos arriba dichos.

C De los tonos y claves.

C La primera parte de este libro tracta de los ocho tonos para tañer por diuersas partes en la vihuela. y por
que mejor y mas claramente se puedan conocer me parecio poner claves al principio de cada obra por que
se vea en que signos da clausula cada tono y los terminos que llevan que sera prouecho so por que es necessa
rio para tañer bien que se sepa la perfeccion que ha de tener / y se ha de dar a cada tono y lo q puede subir y ba
xar / y tambien veran como en la vihuela se pueden mudar las claves conforme alo que baxa / o sube la obra
que esta es vna de las mayores excelencias que la vihuela tiene sobre todos los ynstrumentos allende que es
mas perfecta por la semejança y conformidad que el sonido dela cuerda tiene con el sentido humano por ser
de carne.

C El que quisiere saber las obras que tienen estos seys
libros vaya a la tabla que esta al cabo de cada libro. y asi
mismo si hallare algun puto que fuene mal por causa del
molde al fin dellibro estan señalados como an de estar.

The musical notation consists of three staves, each representing a different string or position on a guitar. The notation uses a unique system of symbols including dots, dashes, and numbers (0, 1, 2, 3, 4, 5, 6) to indicate fingerings and note heads. The first staff starts with a clef-like symbol and a '0' at the beginning. The second staff starts with a clef-like symbol and a '1' at the beginning. The third staff starts with a clef-like symbol and a '1' at the beginning. The notation is divided by vertical bar lines, suggesting measures or specific fret positions.

Libro primero

The image shows three staves of musical notation for a six-string guitar, likely from a 19th-century method book. The notation uses a system where each string is represented by a horizontal line, and vertical stems indicate the position of the fingers. The first staff begins with a '1' at the top, followed by a series of vertical stems and symbols ('z', 'o', 'x', '3') indicating fingerings and strokes. The second staff continues this pattern, with a '4' appearing above the first note. The third staff concludes the section with a 'z' at the end.

Jew Delphin. F. fj.

The image shows three staves of musical notation for a jew's harp, likely a "Jew Delphin" model. The notation uses a combination of tablature and fingerings. Fingerings are indicated by small diamonds above the staff, and the tablature consists of vertical strokes (vertical dashes) on horizontal lines. The first staff begins with a 10/8 time signature and includes a tempo marking of 120 BPM. The second staff begins with a 6/8 time signature and a tempo marking of 100 BPM. The third staff begins with a 12/8 time signature and a tempo marking of 100 BPM. The notation spans three octaves and includes various slurs and rests.

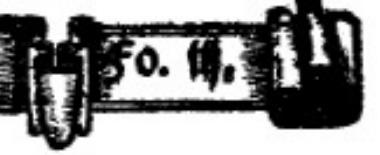

Solo Libero pimicro

The musical score consists of three staves, each with a key signature of one sharp (F#) and a common time signature. The notation includes:

- Staff 1:** Features a melodic line primarily consisting of eighth-note strokes (z, 3, 1, 0) and rests. It begins with two downward strokes on the first and second strings.
- Staff 2:** Continues the melodic line with a mix of eighth-note strokes and rests. It includes a measure starting with an upward stroke on the fourth string.
- Staff 3:** Concludes the section with a melodic line featuring eighth-note strokes and rests, ending with a final upward stroke on the fourth string.

The image shows three staves of guitar tablature. The top staff begins with a treble clef, the middle with a bass clef, and the bottom with an alto clef. Each staff consists of six horizontal lines representing the strings of a guitar. The tablature uses numbers and symbols to indicate fingerings and strumming patterns. The first staff starts with a '3' on the 6th string, followed by '3's on the 5th and 4th strings, then '1's on the 3rd and 2nd strings, and finally '3's on the 1st and 2nd strings. The second staff starts with '3's on the 5th and 4th strings, followed by '1's on the 3rd and 2nd strings, and ends with '3's on the 1st and 2nd strings. The third staff starts with '3's on the 5th and 4th strings, followed by '1's on the 3rd and 2nd strings, and ends with '3's on the 1st and 2nd strings. There are also vertical arrows pointing down from the top staff to the middle and bottom staves at various points.

The image shows three staves of musical notation from a 16th-century manuscript. The notation is based on vertical stems with various markings: dots (solid or hollow), dashes, and horizontal strokes like 'z' and 'o'. The first staff uses a clef with two dots, the second with one dot, and the third with no dots. Measures are separated by vertical bar lines. The music consists of three voices, each with its own staff. The first voice starts with a vertical stem and a dot, followed by a 'z' and another vertical stem with a dot. The second voice follows with a 'z' and a vertical stem with a dot. The third voice starts with a vertical stem and a dot, followed by a 'z' and another vertical stem with a dot. This pattern repeats throughout the page.

The musical score consists of three staves, each representing a six-stringed instrument. The notation is as follows:

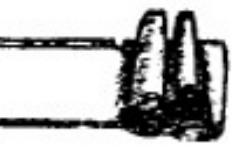

- Staff 1:** Starts with a single vertical stem. This is followed by a sequence of pairs of stems. The stems have small dots above them, and below each pair are two numbers: the top number indicates which string to play, and the bottom number indicates the finger used (1 through 5).
- Staff 2:** Starts with a pair of stems. The stems have small dots above them, and below each pair are two numbers: the top number indicates which string to play, and the bottom number indicates the finger used (1 through 5). The pattern continues with pairs of stems.
- Staff 3:** Starts with a single vertical stem. The stems have small dots above them, and below each pair are two numbers: the top number indicates which string to play, and the bottom number indicates the finger used (1 through 5). The pattern continues with pairs of stems.

The musical score consists of three staves of tablature for a six-string guitar. The top staff begins with a clef symbol resembling a stylized 'G' or 'F'. The middle staff begins with a clef symbol resembling a stylized 'C'. The bottom staff begins with a clef symbol resembling a stylized 'F'. Each staff has six horizontal lines representing the strings. The tablature uses various note heads and stems to indicate pitch and rhythm. The first staff starts with an open string (no dot) followed by two notes with stems pointing down. The second staff starts with a note with a stem pointing up. The third staff starts with a note with a stem pointing down. The music continues with a series of notes and rests across all three staves.

The musical score consists of four staves of tablature, each representing a string. The top staff shows a decorative headstock with tuning pegs and a neck. The strings are labeled with numbers 1 through 6 from left to right. The tablature uses a unique system of note heads and stems to represent pitch and rhythm. The first staff begins with a dotted note, followed by a note with a stem pointing down, then two notes with stems pointing up. The second staff starts with a note with a stem pointing up, followed by a note with a stem pointing down, and so on. The third staff follows a similar pattern. The fourth staff ends with a note with a stem pointing up. The notes are represented by small circles with stems, and the stems indicate whether the note is to be played with a downward or upward stroke.

Staff 1: This staff begins with a treble clef, a common time signature, and a key signature of one sharp. It consists of six horizontal lines representing the strings. The notes are indicated by vertical stems with arrows pointing down, and the rhythm is marked by dots and vertical strokes. A small bracket under the first two measures groups them together. A note at the end of the staff has a small arrow pointing to it with the instruction "C final muy bueno".

Staff 2: This staff begins with a treble clef, a common time signature, and a key signature of one sharp. It follows the same six-line string representation as Staff 1. The notes are marked with vertical stems and arrows pointing down, and the rhythm is indicated by dots and vertical strokes. Measures 1 through 4 are grouped by a bracket.

Staff 3: This staff begins with a treble clef, a common time signature, and a key signature of one sharp. It follows the same six-line string representation as the previous staves. The notes are marked with vertical stems and arrows pointing down, and the rhythm is indicated by dots and vertical strokes. Measures 1 through 4 are grouped by a bracket.
