H. Berlioz, op. 14

EDWIN F. KALMUS
PUBLISHER OF MUSIC
NEW YORK, N. Y.

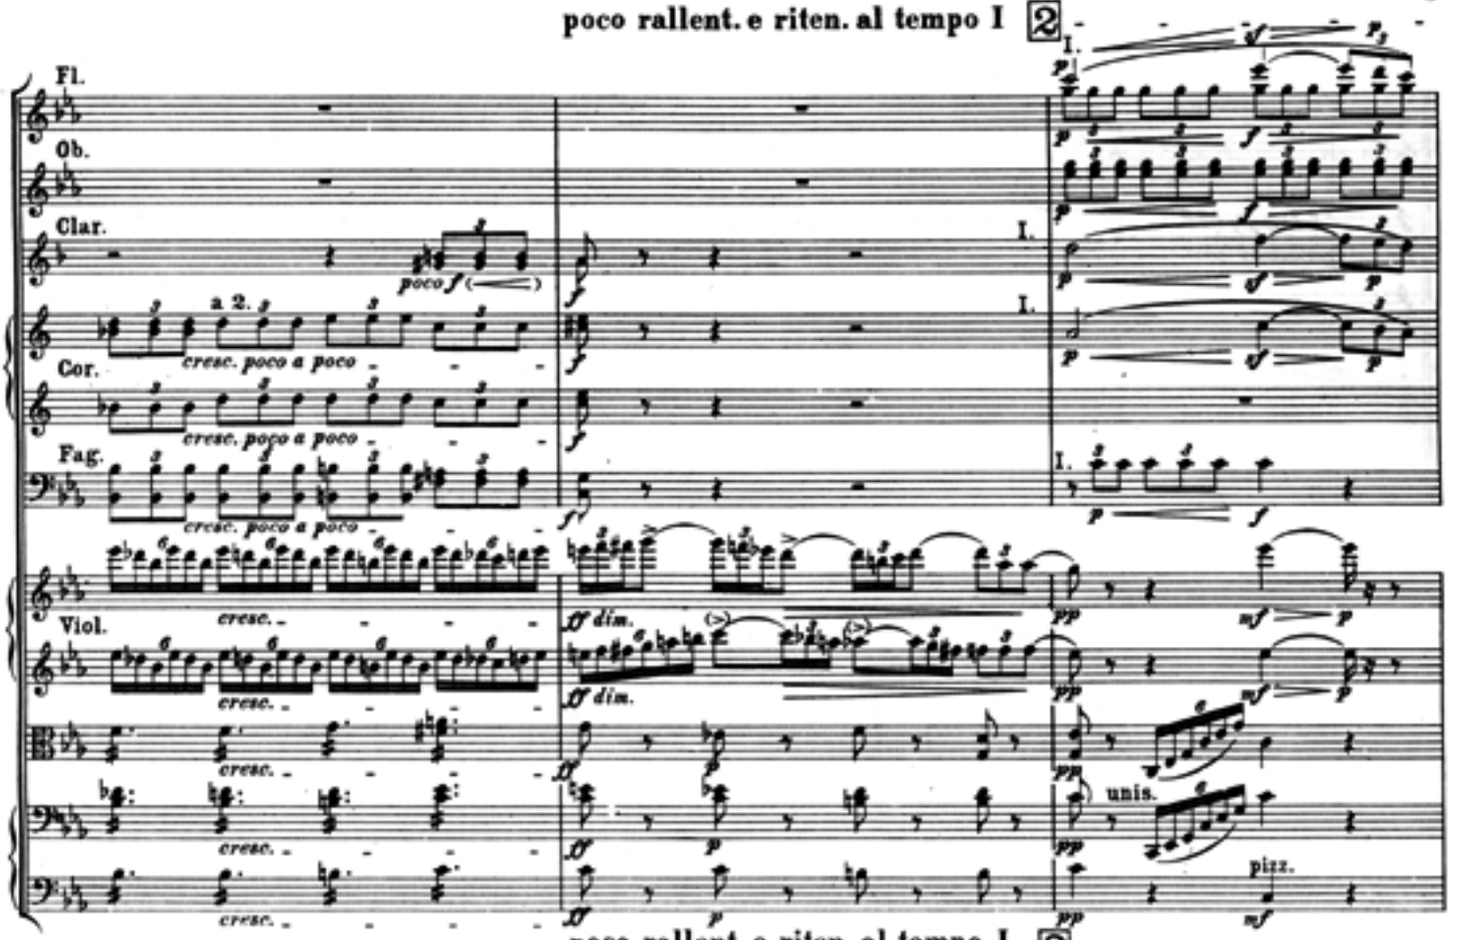

*) Les onze mesures qui suivent sont d'une extrême difficulté; je ne saurais trop recommander aux chefs d'Orchestre de les faire répéter plusieurs fois et avec le plus grand soin, en commençant au changement de mouvement (Più mosso) et finissant à la rentrée du thème (I. tempo). Il sera bon de faire étudier leur trait aux 1ers et 2mes Violons séparément d'abord, puis avec le reste de l'Orchestre, jusqu'à ce qu'ils soient parfaitement sûrs de toutes les nuances de mouvement, qui me paraissent ce qu'il y a de plus difficile à obtenir de la masse, avec l'ensemble et la précision convenables. (Note de H. Berlioz.)

Die folgenden 11 Takte sind von außergewöhnlicher Schwierigkeit; ich kann dem Dirigenten nicht genug empfehlen, sie mehrmals und mit der größten Sorgfalt vom Wechsel des Zeitmaßes (Più mosso) bis zum Wiedereintritt des Themas (Tempo I) zu wiederholen. Es wird gut sein, diese Stelle zuerst mit den 1. u. 2. Violinen allein und nachher mit dem übrigen Orchester zu studieren, bis sie mit allen Abstufungen des Zeitmaßes vollkommen vertraut sind, was mir mit der nötigen Übereinstimmung und Genauigkeit von einer Menge von Spielern am schwersten zu erreichen scheint.
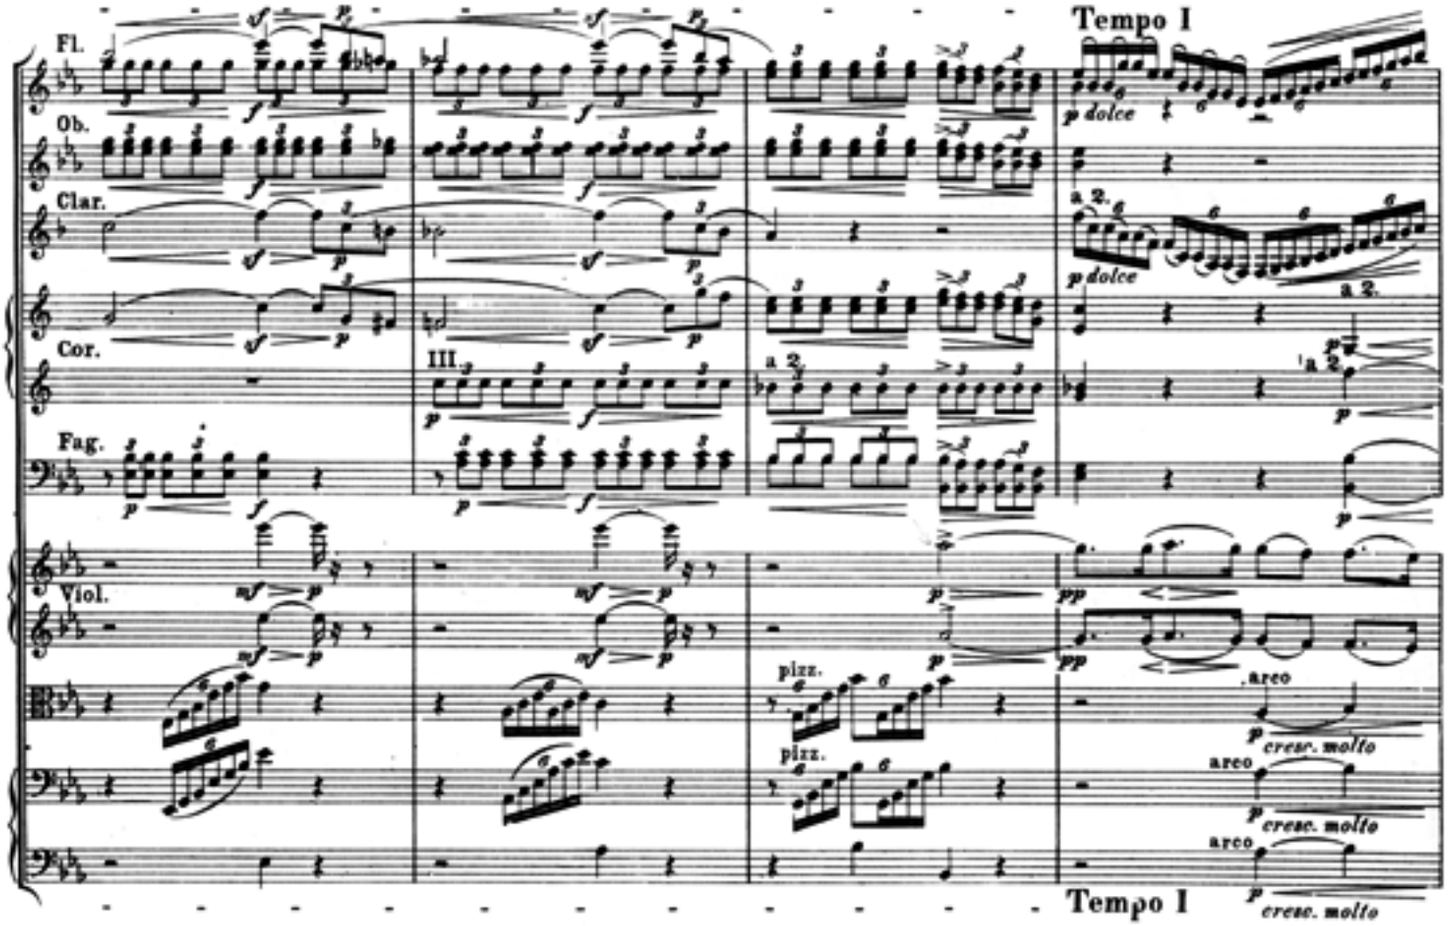

The following 11 bars are of unusual difficulty. I cannot sufficiently advise the conductor to repeat them, and with the greatest care, from the change in time (Più mosso) to the resumption of the theme (Tempo I°). It is a good plan to take this passage at first with the violins (1° and 2°) only and afterwards with the rest of the orchestra until they are perfectly familiar with all grades of the tempo, which seems to me to be the most difficult to obtain with the necessary unity and exactness from a number of players.

*) Diese Anmerkung läßt darauf schließen, daß der Komponist die Pauken zu Anfang dieses Stückes con sordini (coperti) haben wollte.

Cette indication permet de supposer que le compositeur voulait avec sourdines les timbales au commencement de ce morceau.
Note des éditeurs.

This remark leads to the conclusion that the composer desired the kettle-drums to be muffled at the beginning of this piece.

*) Il n'y a pas de faute de copie ici; c'est bien l'accord de Sol naturel mineur qui froisse de très près l'accord de Ré bémol majeur; l'auteur recommande aux Violons et Altos de ne pas «corriger» leurs parties en mettant des ♭ aux Ré, quintes de l'accord de Sol. (Note de H. Berlioz.)

Hier ist kein Schreibfehler; der g-Moll-Akkord steht unmittelbar neben dem Des-Dur-Akkord. Der Komponist ersucht die Violinisten und Bratschisten, ihre Stimmen nicht durch Vorsetzen eines ♭ zum D, der Quinte des g-Moll-Akkordes, zu „korrigieren".

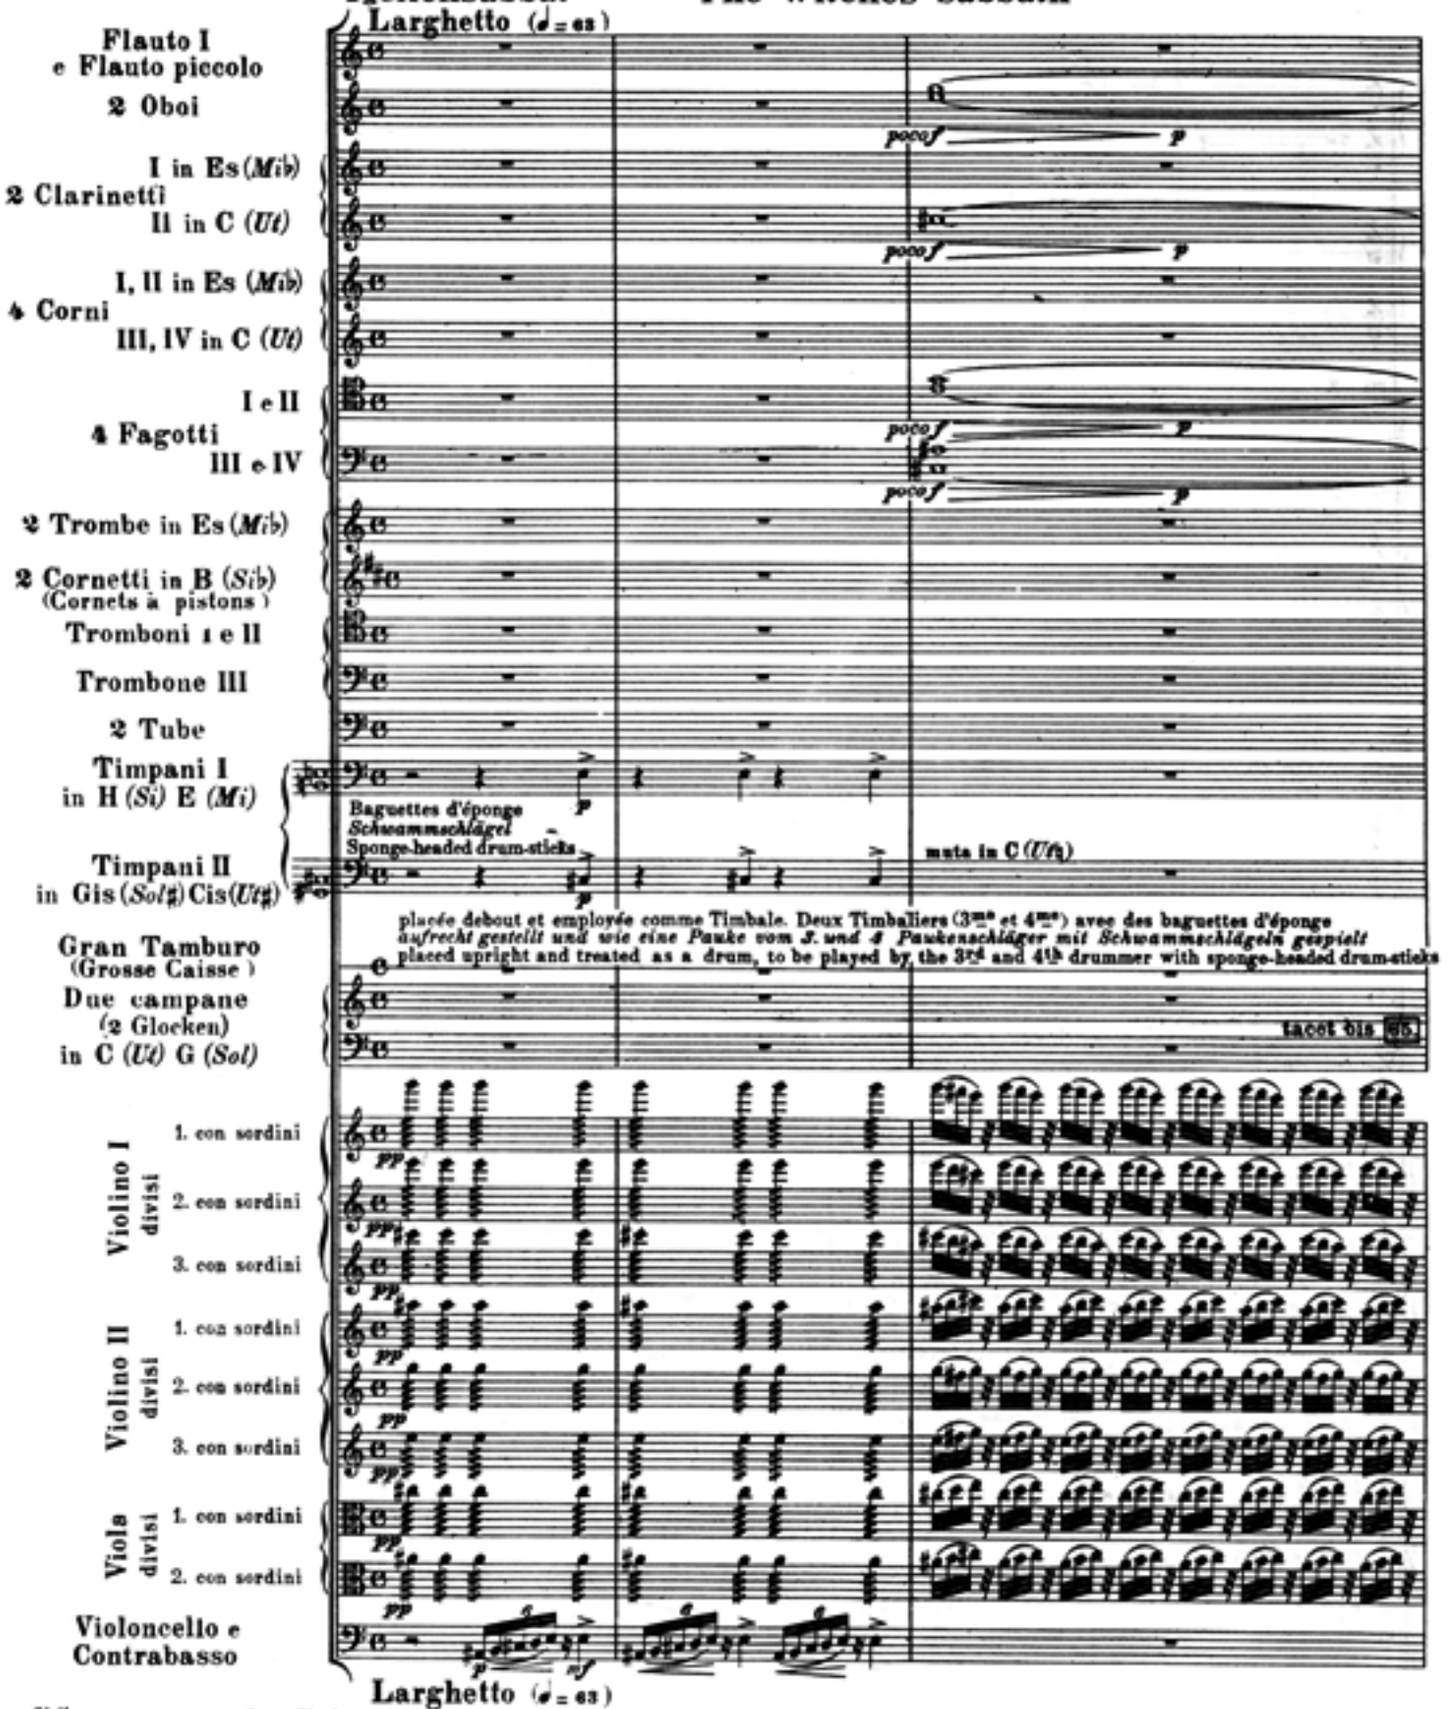

This is no clerical error; the G-minor-chord is immediately neat to the D-flat-major chord. The composer requests the violinists and violaplayers not to "correct" their parts by placing a ♭ before the D of the fifth of the G-minor-chord.

V.
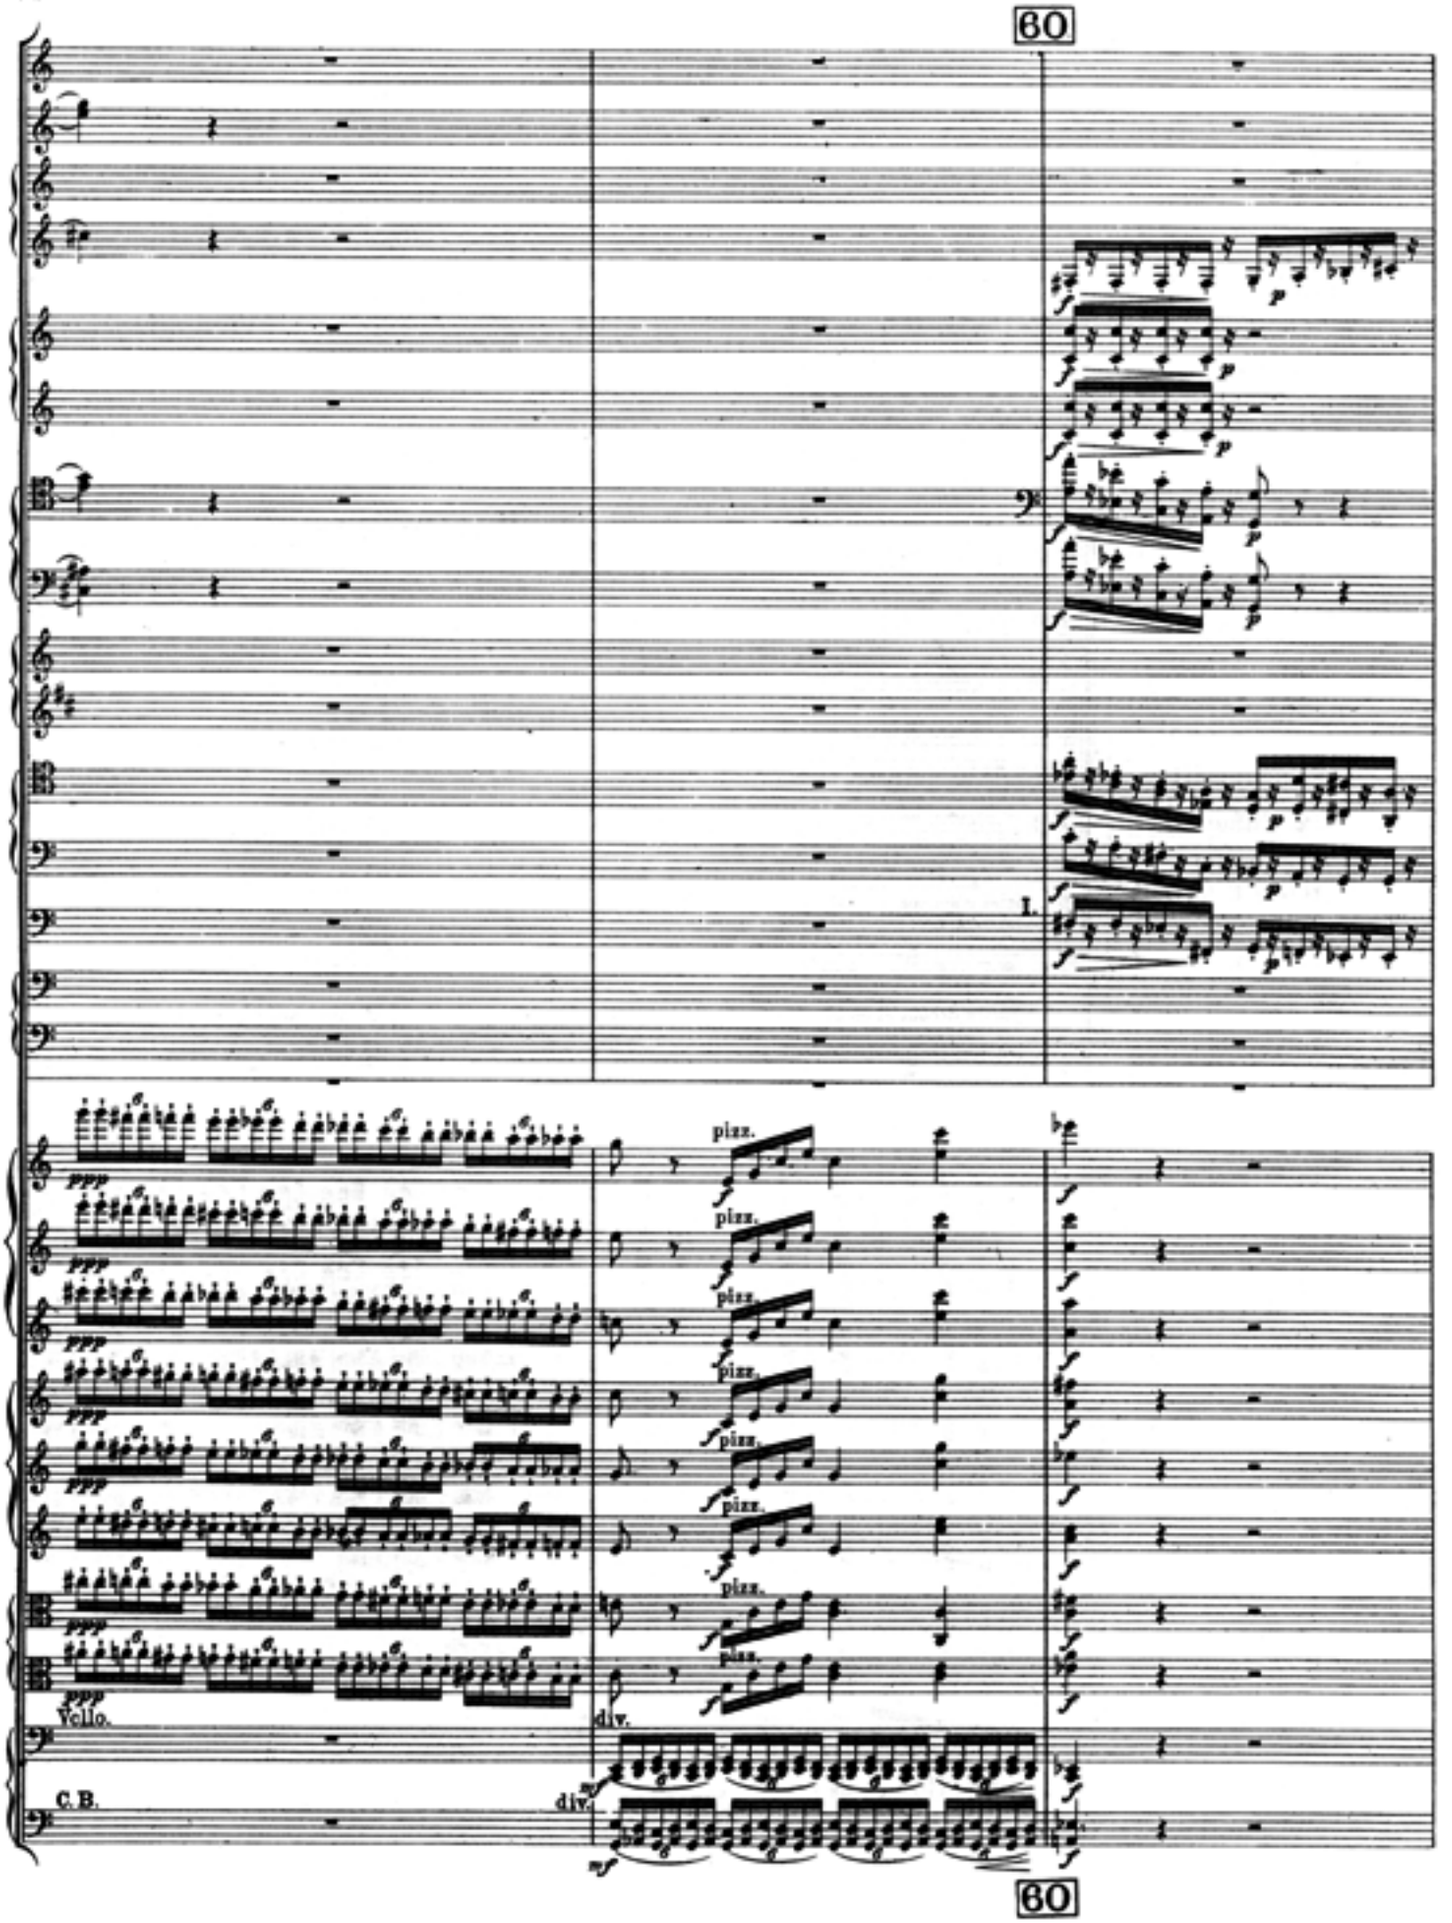

Songe d'une nuit du sabbat
Hexensabbat — The witches' sabbath

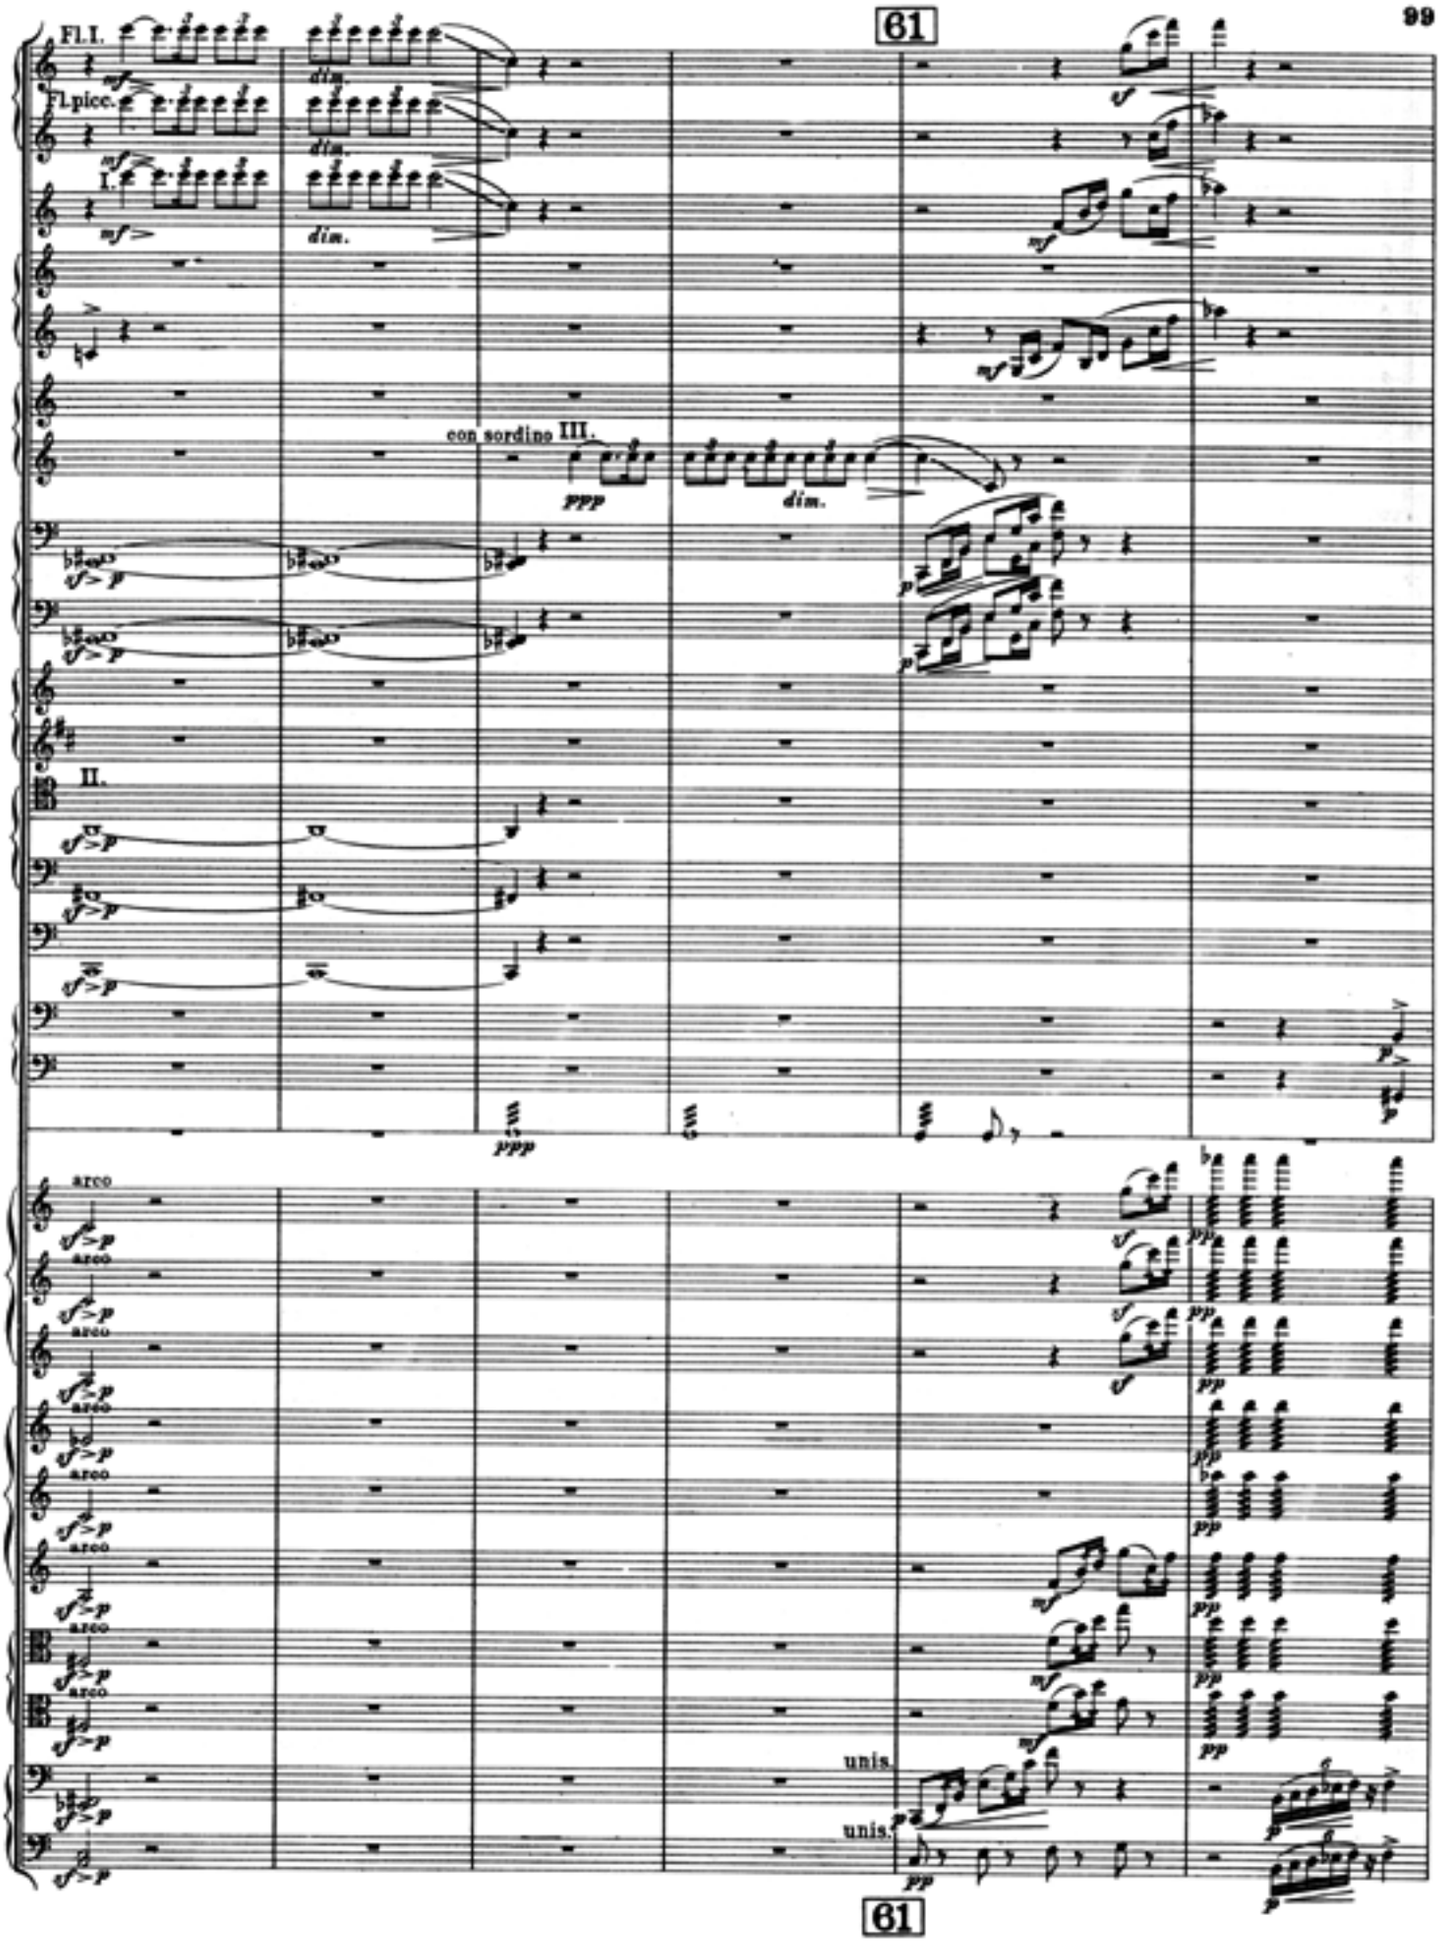

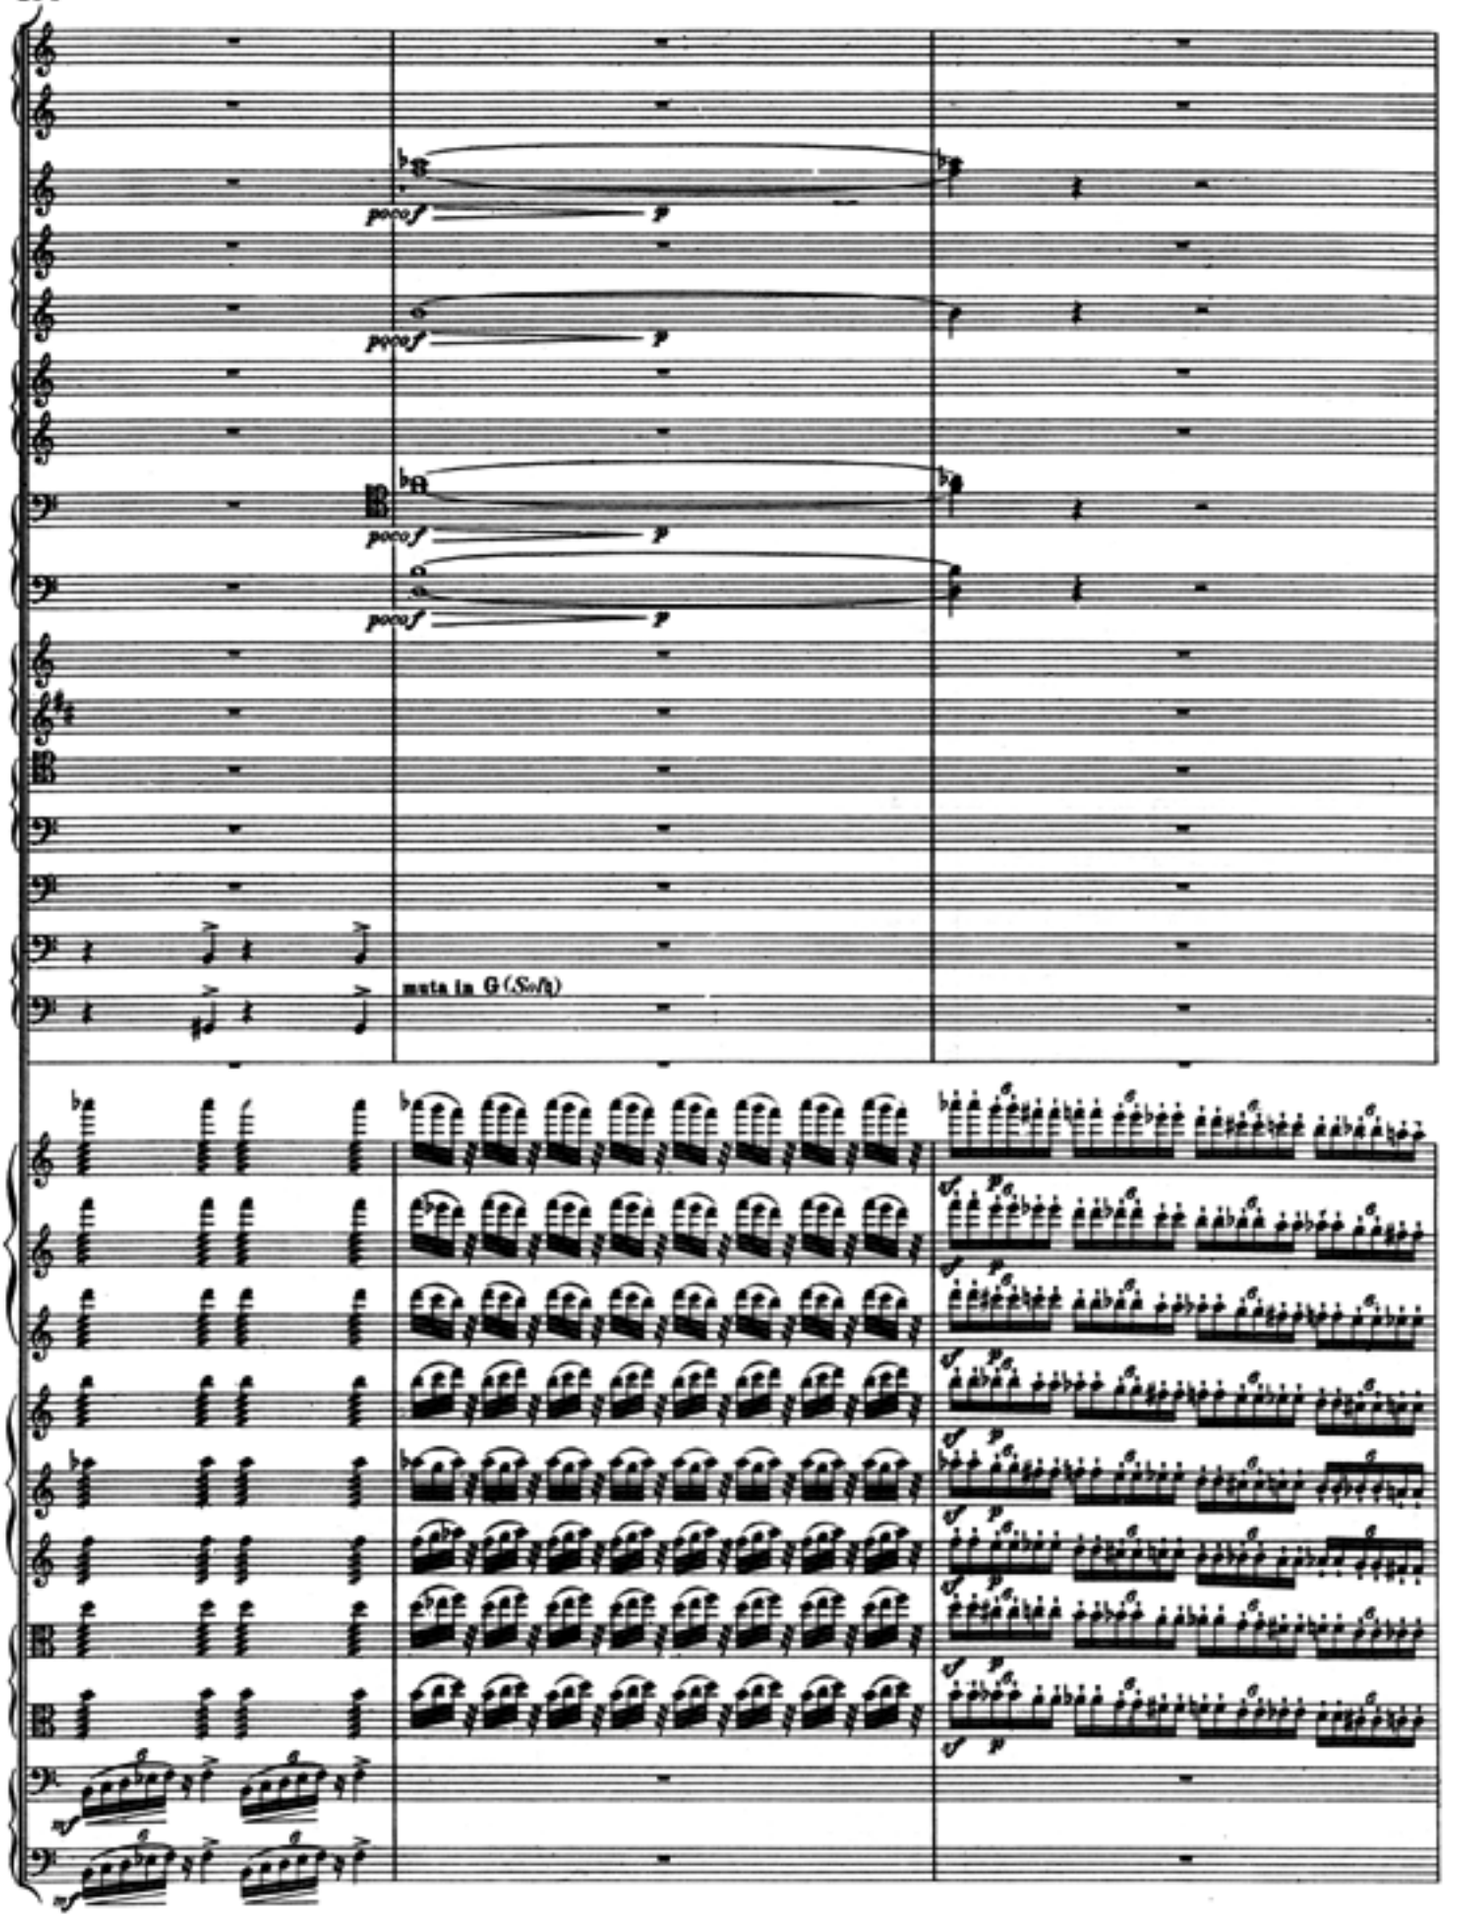

Si l'on ne peut trouver deux Cloches assez graves pour sonner l'un des trois UT et l'un des trois SOL qui sont écrits, il vaut mieux employer des Pianos. Ils exécuteront alors la partie de Cloche en double octave, comme elle est écrite. (Note de H. Berlioz.)
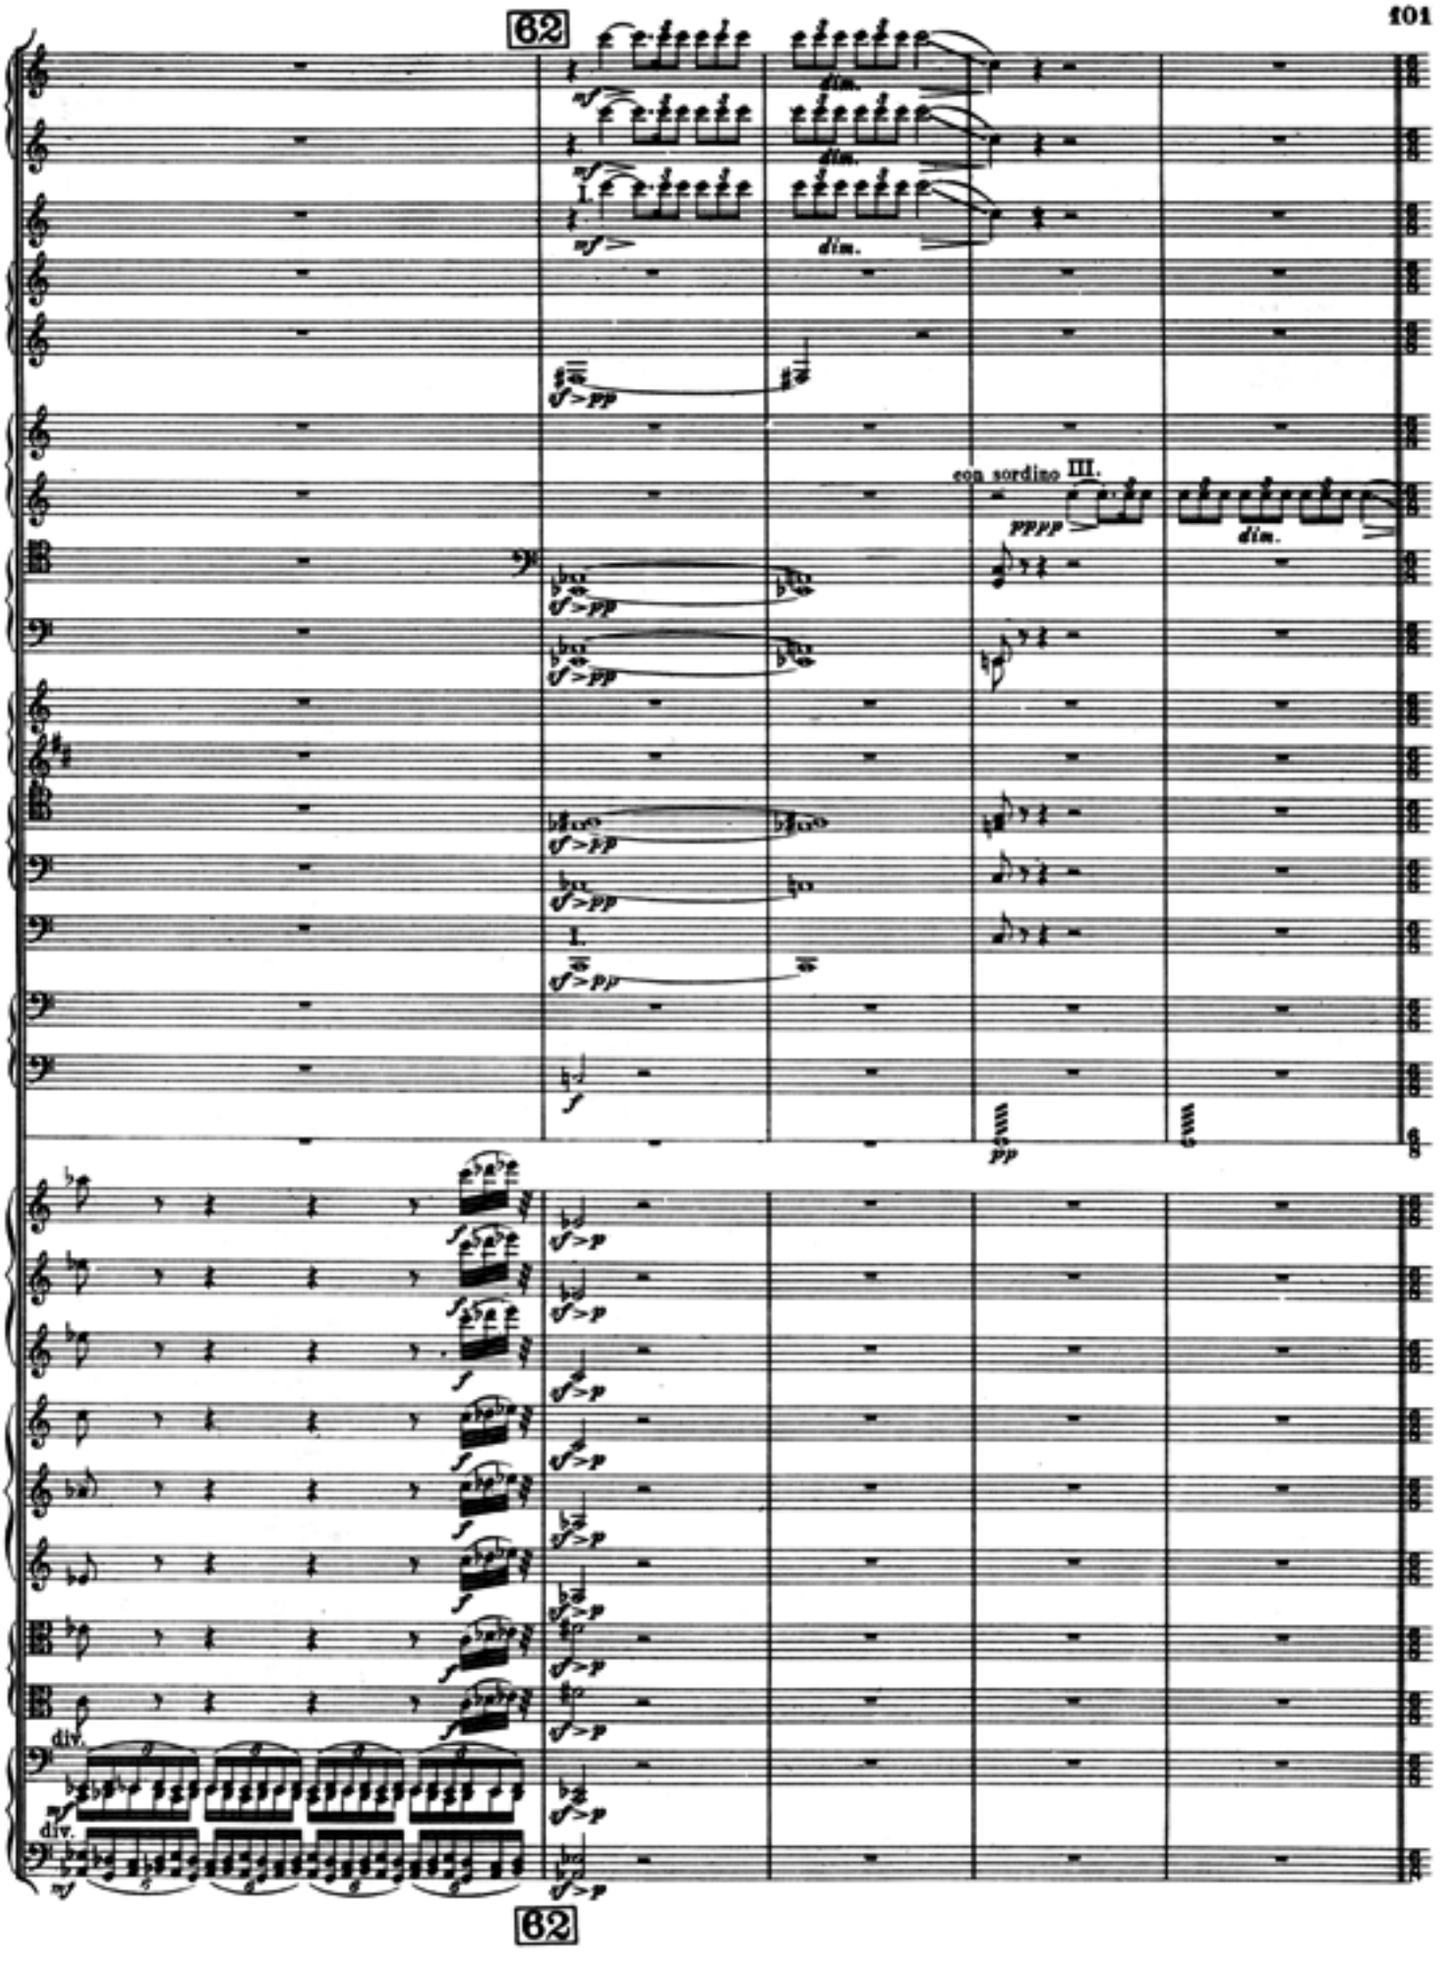

Kann man nicht zwei Glocken finden, welche groß genug sind, um eines der drei C und eines der drei G, die vorgeschrieben sind, erklingen zu lassen, so ist es besser, die Klaviere zu verwenden. Man spielt dann die Glockenpartie in doppelter Oktave, so wie sie geschrieben ist.
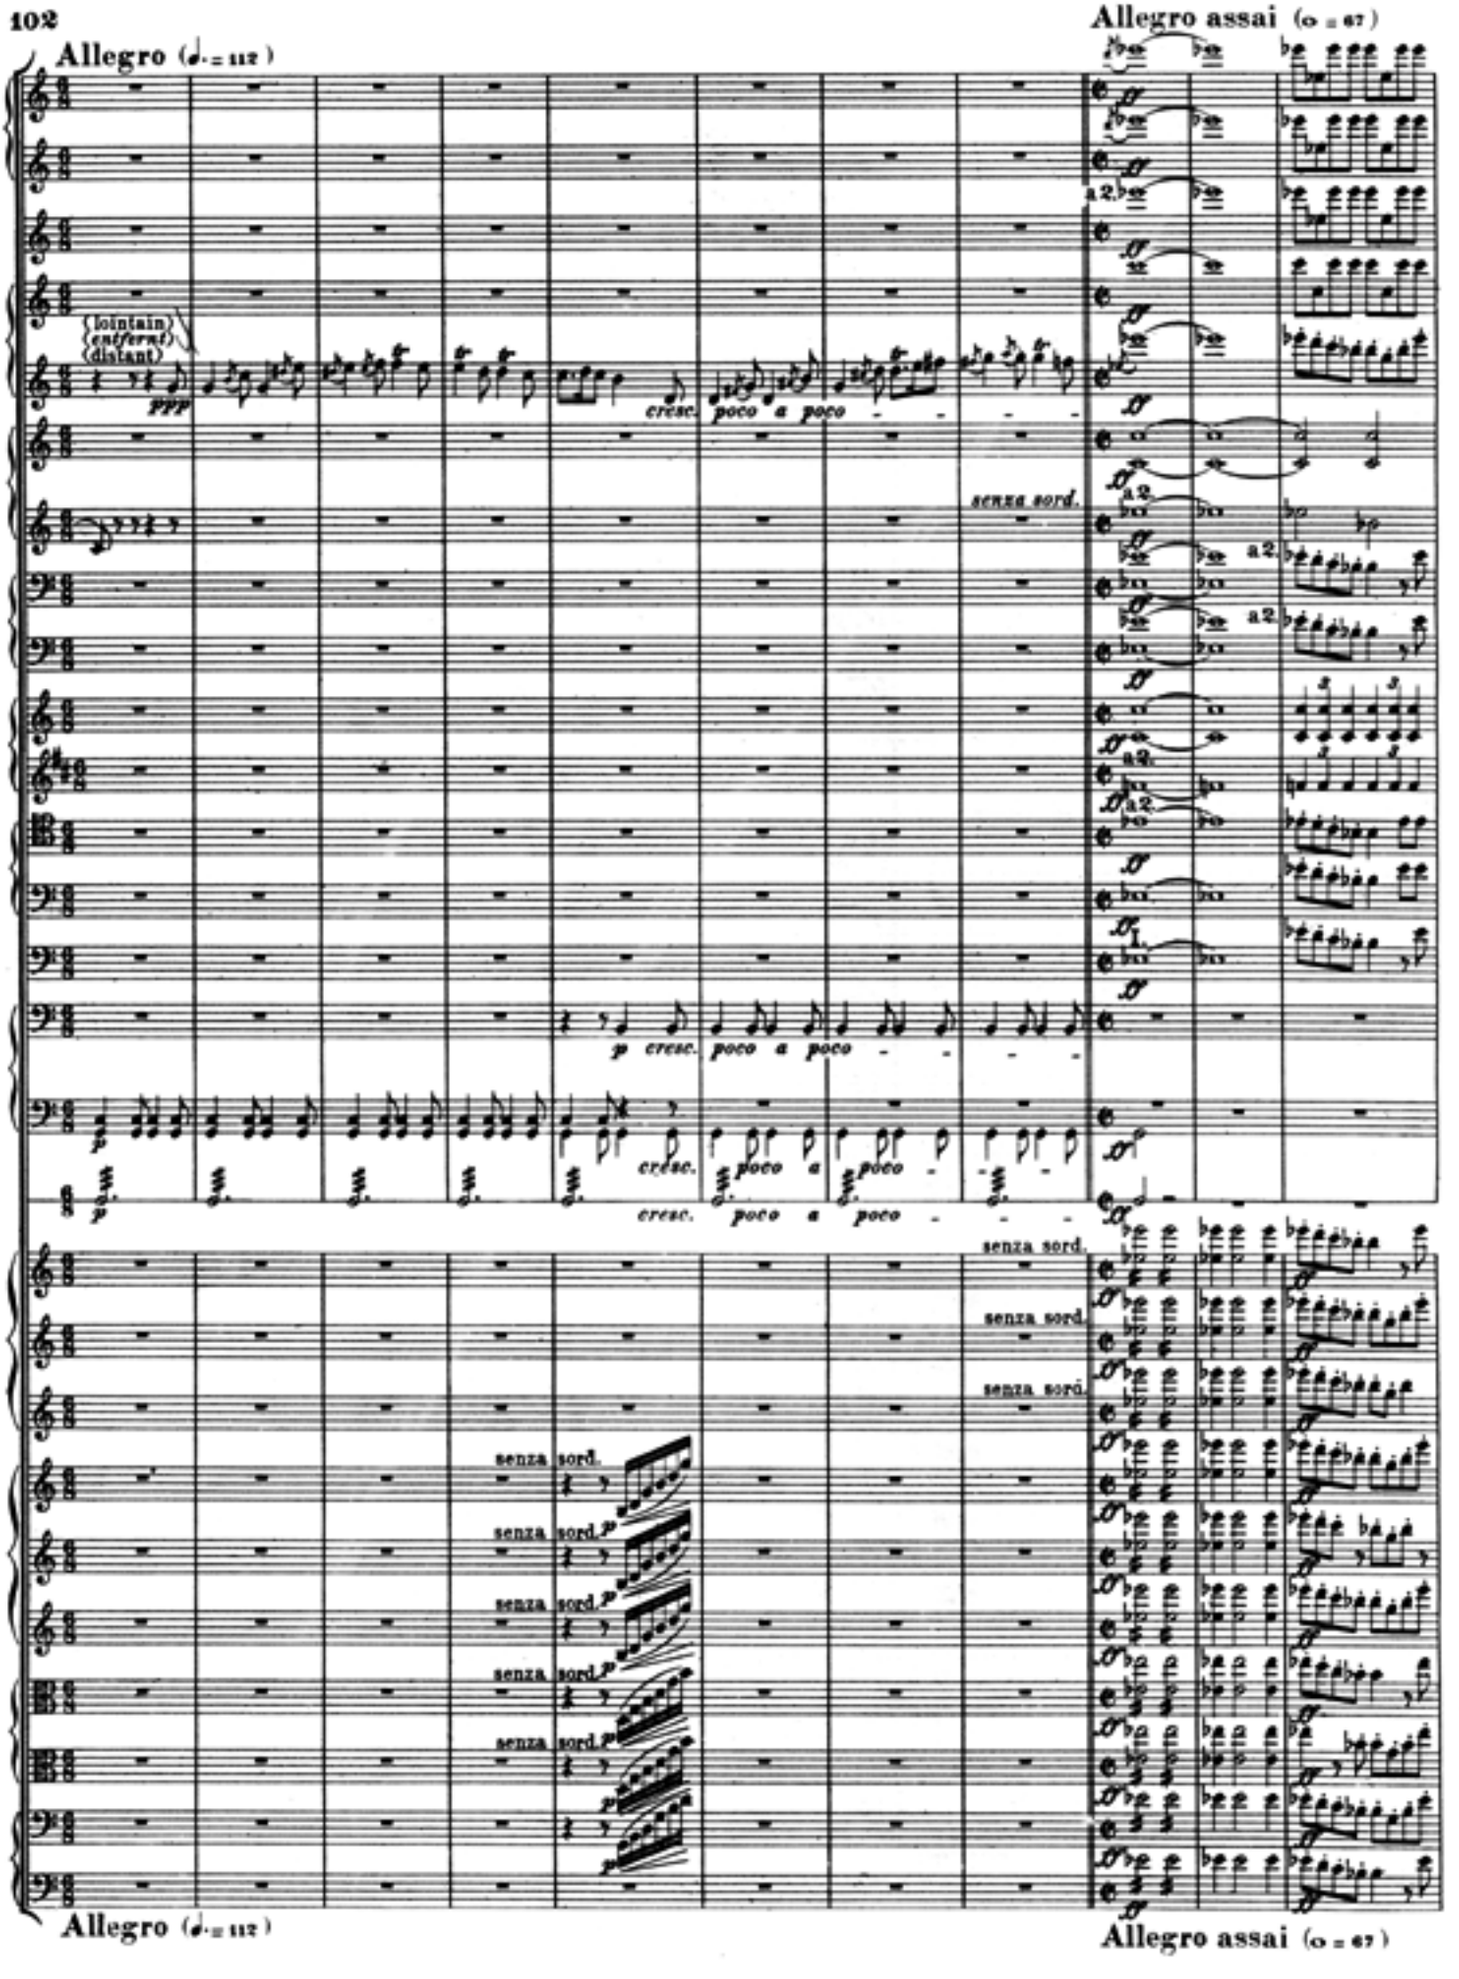

If 2 bells are not available which are large enough to produce one of the 3 Cs and one of the 3 Gs as written, it is better to use the pianofortes. In such event the bell-part must be played with double-octaves as written.
