# Muy alto y muy poderoso Señor.

Ostumbre generosa y antigua es delos grandes Principes y senores, qualquier algun servicio se les haze, o algun don se les offrece mirar, el animo con q se da y no la cantidad del don. Y sabiendo yo cierto q esta virtud resplandece en V. Al. como otros mas excelentes de humanidad. Acordandome de imprimir vn libro de musica para componer en la vihuela, determine aunque el servicio fuese pequeño delo dedicar a V. Alt. por dos causas, la una por seruir algo de las mercedes que de V. Al. he recibido, y pienso recibir y la segunda porque si V. Al. queriendose desocupar en los trabajos de conuersacion quisiese defensar en este exercicio dela vihuela, sepa vuestra Alteza que este libro es el mas prouehidio que hasta agora se a compuesto, y el autor es vassallo y criado de Vuestra Alteza que en ello le podra industriar si fuere servido.

# Prologo al lector prefacio.

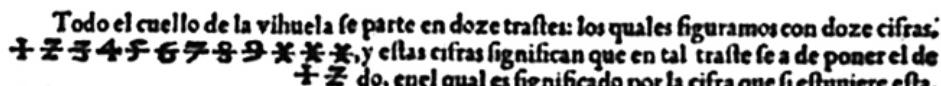

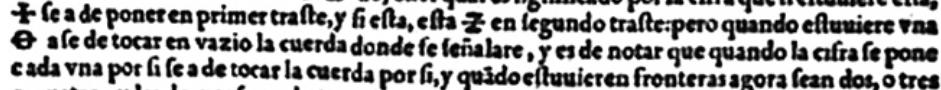

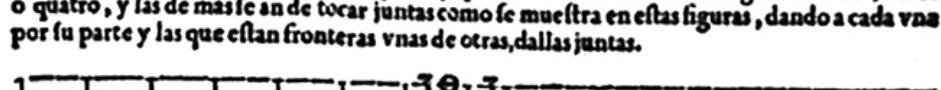

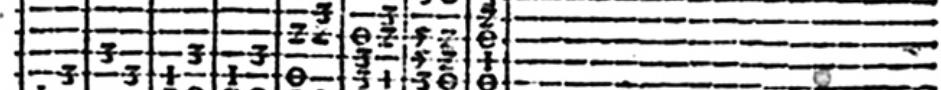

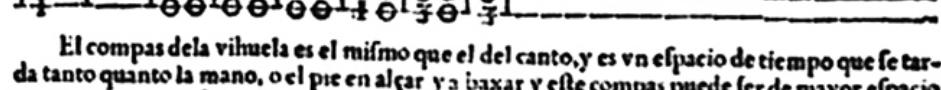

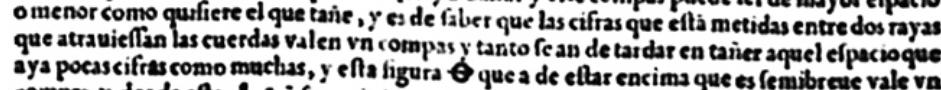

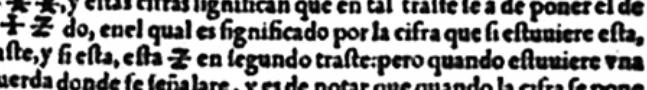

Viejos varones señalados vno entre los antiguos como fueron Lino y Orfeo cuyo ingenio y industria, despues de largo tiempo les alcanço tanta ventura y perfeccion en la musica que viendo los homb. en las maravillas q hagian y pareciendoles no auer en los mortales principio ni fuente de donde saciellen tan tubida,obras los contaron entre los Dioses,y les hizieron honra y sacrificio como a tales:pero con ser tan acabados en su arte, y que parecia no les faltar cosa alguna para llegar alla cumbre bien mirado me atrevo a decir que fueron mancos musicos, o por mejor dezir les faltó tanta perficion quanta auian alcançado pues que no hallamos rastro ni leemos en algunas historias que supiesen alguna arte con la qual pudiesen dexar a sus sucessores aquella sciencia que ellos auian inventado , o deprendieron de sus maestros para que ya que en ellos se nos diese en los libros perpetua y immortal. De manera que poder hazer algun libro de cifra en la musica de nuestra gran perfeccion,pero mucho mayor hazello,porque entonces cumple con su republica queriendo aprouechar a todos los que tienen deseo de aprender la musica,sin la qual parecera horrible ser sin sazon y donayre,y asi el diuino Platon,dixo que la melodia se dixo de Meli que en su lengua es cuidado porque todos los hombres deuen tener cuenta con ella. Pero ya que ella sea suficiente causa para tomar trabajo de componer un libro de Musica quiero declarar al lector la intencion que tuve particular de hazer este libro de vihuela. De manera que uno con solo entender el arte dela cifra sin otro maestro alguno pueda comenzar a cantar y ser musico acabado y asi en estos seys libros estan puestas cosas claras medianas y dificultosas musica de pocas bozes y muchas y discates y cõtrapunto, y mucha variedad en todo para q el animo del q deprénde se pueda recrear y espaciar por ella,y asi hallara villancicos castellanos, villanescas, Româces, viejos,canciones,Motetes de grandes autores, Fantasias, entre las cuales ay algunas que tienen señalada vna boz para cantar, y esto sera cosa muy apazible para el que las cantare y cantare, porq van passos reñugados de todas las bozes.Puse tambien dos libros,en los cuales se contienen ocho millas de Iusquin porque los que hasta a qui han escrito no pusieron desle autor, sino muy pocas cosas escogiendo ellos lo que les parecia yo quise poner ocho millas para el que quisiese escogiesse conforme a su voluntad porque el musico fue tan bueno que no tiene cosa que desechar , y juntamente con esto quiero que sepa el lector que en esto y en todo lo que se contiene en el libro puse muy gran diligencia y trabajo para que fuese verdadero y con gran claridad sin confusion de glofas para que el que tan: pueda conocele mas facilmente las bozes como van en la vihuela y las pueda cantar , y aun que tengo por cierto que se hallaran faltas en la obra el discreto lector deue mirar que ninguna cosa sale de manos de hombres acabada , y con muchas cosas q se hallaran buenas deue dar lugar alas que le parecere no ser tales principalmente que los que facilmente juzgan muchas veces condeuan lo mejor.

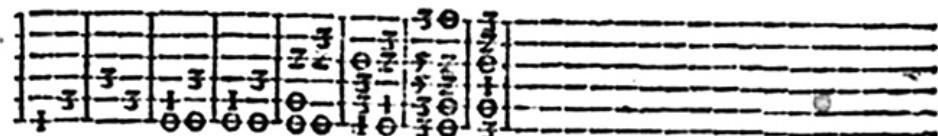

Orque me parecio que escosa que conuiene a los que an de tañer saber tem  
plar la vihuela, facilmente a se de tomar la vna quarta de la vihuela en va  
zio, y despues ygualaria con la otra, q no este mas alta, ni mas bassa, y des  
pues que esten ygualas poner la quarta, en quanto traste con la tercera en  
vazio q esten ygualas, y despues la tercera en quinto traste con la segunda  
en vazio, y despues dellas templadas ellas tres prouar la quarta en vazio co  
la segunda en tercero traste que es octava y tonaran bien, si estan templadas  
luego poner la legunda en quinto traste con la prima en vazio que esten ygualas, y luego po  
ner la quarta en segundo traste con la prima en vazio y sera otra octava, tocallas entrambas  
y luego se vera, si estan templadas, la quinta se a de poner en quinto traste con la quarta en va  
zio que esten ygualas, y para ver si estan templadas poner el dedo en la tercera en tecero traste  
con la quinta en vazio que estara la quinta en la octava en baxo, poner la sexta en quinto traste  
y tocarla con la quinta en vazio que esten ygualas y despues poner el dedo en la quarta en se  
gundo traste que sera octava con la sexta en vazio, y della manera si son a bien quedara tem  
plada.

Conueniente cosa sera para que qualquiera pueda entender el artificio dela cifra poner  
las reglas y preceptos que se deuen saber y guardar primeramente las seys cuerdas dela vihue  
la se an de contar desde abaxo hasta encima, poniendo la prima en baxo, y la sexta encima como lo muestra esta figura.

Sexta.	—
Quinta.	—
Quarta.	—
Tercera.	—
Segunda.	—
Prima.	—

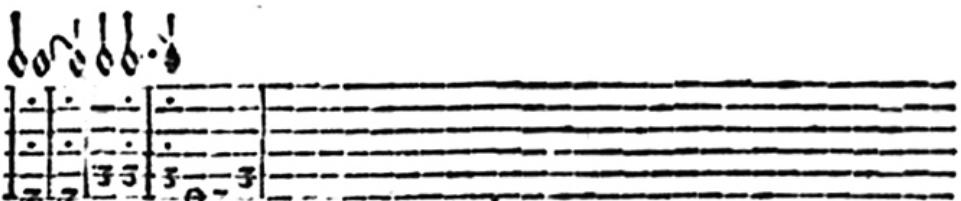

Todo el cuello de la vihuela se parte en doce trastes: los quales figuramos con doce cifras:  
 +  4  7  8  9  X  X, y estas cifras significan que en tal traste se a de poner el de  
+  do, enel qual es significado por la cifra que si estuviere esta,  
+ se a de poner en primer traste, y si esta, esta + en legundo traste: pero quando estuviere una  
Θ a se de tocar en vazio la cuerda donde se señalaré, y es de notar que quando la cifra se pone  
cada una por si se a de tocar la cuerda por si, y quando estuviieren fronteras agora sean dos, o tres  
o quattro, y las de mas se an de tocar juntas como se muestra en estas figuras, dando a cada una  
por su parte y las que estan fronteras unas de otras, dallas juntas.

El compas dela vihuela es el mismo que el del canto, y es vn espacio de tiempo que se tar  
da tanto quanto la mano, o el pie en alzar y a baxar y este compas puede ser de mayor espacio  
o menor como quisiere el que tané, y es de saber que las cifras que estan metidas entre dos rayas  
que atrauiesan las cuerdas valen vn compas y tanto se an de tardar en taner aquel espacio que  
aya pocas cifras como muchas, y esta figura Θ que a de estar encima que es semibreve vale vn  
compas y dos de estas  q son minimas en otro, y qtro de estas se minims  mas se meten  
en otro y ocho de estas q son corcheas   Pie meten en   otro y tanto  
espacio de tiempo se tardan en taner las 

Las figuras del canto de organo que se ponen encima de la cifra no se ponen siempre en todos los golpes que ay en el compas sino en el primero , y todas las demas cifras se tañen por el valor dela figura primero señalada hasta que se ponga otra figura, conforme ala qual se a de tactar lo que se sigue, y quando de vna figura a otra se hallare vna virgula torcida es señal que la mitad de aquella figura va con el otro compas, y para lo uno, y para lo otro se ponen este exemplo.

Adonde se hallare  $\text{F}$  encima de la cifra es numero ternario de tres semibreves, o tres minimas, o tres semiminimas hasta que se ponga este tiempo que no ay otro en toda la cifra , que es este. Porque quando este se pone es visto salir de su tiempo y tornarse a su compas por que alli fenece la proporcion.

Quando se hallaren cifras coloradas son para que la boz que por ellas va señalada , la cante el que tañe y en cada vna de ellas se entone , y no deixe de cantar la boz colorada hasta q halle, que no esté señalada y despues que tornare a entrar tornarla a cantar, y siempre entonarse con la misma letra colorada. Quando quiera que vieran en un compas vna minima con un puntillito y vna semiminima delante es un compas.

Para conocer los tonos , en la vihuela : es menester saber que no ay tono particular por que esta ventaja tiene la vihuelas otro instrumento que se pone por muchas partes: porque de cada traste al otro ay semitono, y a cada tercero traste ay tono, y por esto no se conoce , sino en el proceder, y en las clausulas, y en el senecimiento: porque el primer tono y segundo hacen las clausulas ende sol, re, tercero y quarto en, el ami, quinto y sexto en, se, faund septimo y octavo en jefol, reud, los tonos que son moltos, llamanse porque no guardan la regla que son irregulares al gunas vezes acaban por una consonancia que no se a de tomar por clausula. Ansi que para conocer los tonos es menester mirar lo arriba dicho, y no podran errar.

## COMIENCA EL LIBRO

Decifra para taner Vilhueta, Hecho y ordenado por Diego Pifidor  
vezinode Salamanca. Y esto primero es vn Conde claros  
con ciertas diferencias para los principiantes  
y para los que mas saben.

The musical score consists of six horizontal staves, each representing a string of the vihuela. The notation is tablature, where vertical lines represent the strings and horizontal strokes indicate the fingers used for plucking or strumming. The first staff begins with a 'G' clef, while the others begin with a 'C' clef. Measures are separated by vertical bar lines, and specific notes or chords are indicated by numbers or letters above the staff. The music is divided into sections by double vertical bar lines, and there are several fermatas (indicated by a small circle over a note) and endings (indicated by a circled 'E' at the end of a measure).

The musical score is organized into ten horizontal staves, each representing a different voice or part of the bandoneon. The music is written in common time. The notes are represented by small circles with stems, and rests are indicated by empty spaces. Some notes have small 'z' or '4' markings above them, likely indicating specific fingerings or techniques. The staves are separated by vertical bar lines, and the music is divided into measures by vertical bar lines.

Musical score for Pauana, Libro primero, Pifidor, and Fox. iii. The score consists of four staves of music. The first three staves are identical, featuring a variety of strokes (dots, dashes, and vertical marks) on a five-line staff. The fourth staff is also identical to the others. The notes are primarily vertical dashes, with some horizontal strokes and dots.

Continuation of the musical score for Pauana, Libro primero, Pifidor, and Fox. iii. The score continues with four staves of identical music, maintaining the pattern of vertical dashes, dots, and horizontal strokes on a five-line staff.

Fantasia del primer to-  
no a quattro

The musical notation consists of six systems, each with two measures. The first measure of each system begins with a vertical stem pointing down, followed by a horizontal stroke. Subsequent measures continue with vertical stems and horizontal strokes, indicating specific pitch and rhythmic values. The notation is consistent with early printed music notation conventions.

The musical staff consists of six horizontal lines representing the strings of a guitar. The notes are represented by small circles with stems. Vertical bar lines divide the staff into measures. Fingerings are shown as numbers above or below the strings. The patterns are organized into four horizontal sections, each starting with a different symbol (diamond, circle, cross, square) and ending with a vertical bar line. The first section starts with a diamond, the second with a circle, the third with a cross, and the fourth with a square. The patterns are complex, involving multiple notes per string and varying rhythms.

Otra fantasia  
del primer to

This is a continuation of the musical staff from the previous page. It follows the same structure of four horizontal sections with different starting symbols (diamond, circle, cross, square). The patterns are similar to the ones on the previous page, involving multiple notes per string and varying rhythms. The staff ends with a vertical bar line.

The image shows a page of musical notation for a six-string guitar. It consists of three staves of tablature, each with six horizontal lines representing the strings. Above the strings, there are various symbols indicating specific playing techniques or fingerings. The first staff is labeled "Fantasias.", the second "Libro tercero.", and the third "Pisador.". The notation includes numbers (e.g., 0, 1, 2, 3, 4, 5, 6, 7, 8, 9), dots, dashes, and other special characters. Some symbols resemble letters like 'z' and 'o'. There are also vertical strokes and small circles above the strings. The notes are represented by vertical stems with small circles at the top, and some stems have horizontal dashes or dots near the top.

## Fo. xxvi.

Sheet music for a six-string guitar, featuring tablature and rhythmic notation. The music is divided into sections by section headers at the top:

- Fantasias.**
- Libro tercero.**
- Pifador.**
- Fo. xxvi.**

The music consists of ten staves of tablature, each with six horizontal lines representing the strings. The first four staves are grouped under "Fantasias," the next two under "Libro tercero," the fifth under "Pifador," and the last three under "Fo. xxvi." The tablature includes various symbols such as dots, dashes, and numbers indicating fingerings and strumming patterns. Some staves begin with a vertical bar and a number, likely indicating a measure or measure repeat. The music is presented in a single column, with some sections separated by short horizontal lines.

The musical score consists of six horizontal staves, each representing a single string of a six-string guitar. The strings are numbered 1 through 6 from top to bottom. The notation includes various symbols: dots (.) for open strings or specific fingerings; dashes (—) for muted or muted-fret notes; numbers (e.g., 1, 2, 3, 4, 5, 6, 7, 8, 9, 0) indicating fret positions; and other symbols like 'z' and 'zz' for buzz or muted notes. Arrows and other markings are used to indicate specific performance techniques or rhythm. The music is divided into three main sections by title: 'Fantasias.' (the first two staves), 'Libro tercero.' (the middle section), and 'Pisador.' (the last two staves). A central section is labeled 'Otra fantasía del otro tono aqua'.

This image shows a page from a 16th-century music manuscript for a six-course guitar. The page contains ten staves of musical notation, each consisting of six horizontal lines representing the strings of the instrument. The notation is tablature, where specific symbols are placed on or between the lines to indicate pitch and rhythm. The symbols include open circles (dots), solid black dots, vertical dashes, and numbers such as '4' and 'z'. Some symbols have small superscripts or subscripts, such as '4' with a dot above it or 'z' with a dot below it. There are also vertical stems with small circles at the top, some with horizontal dashes through them. The music is divided into measures by vertical bar lines. The first staff begins with two open circles (dots) on the top line. The second staff begins with a vertical stem with a circle at the top. The image displays a page of musical notation for a six-course guitar. The notation is organized into three distinct sections, each with its own title and tablature:

- Missas de Iusquin.** This section begins with a series of open strings (empty circles) followed by a staff of tablature. The tablature consists of six horizontal lines representing the courses, with vertical strokes indicating specific notes or fingerings. The first few measures show patterns such as "4 z", "z 4", and "z z".
- Libroquarto.** This section follows, also featuring a staff of tablature with six horizontal lines per course. It includes measures with various note heads and stems, such as "4 z", "z 4", and "z z".
- Pifador.** This section concludes the page, with a staff of tablature similar to the others, featuring measures with note heads and stems.

The notation uses a six-line staff system, where each line corresponds to a specific course of the guitar. Vertical strokes and other symbols are used to indicate specific notes and performance techniques.

The musical score consists of ten horizontal staves, each representing a course of a six-course guitar. The notation is tablature, where vertical lines represent the strings and horizontal strokes represent the frets. Various symbols are used throughout the staves, including dots, dashes, and numbers, likely indicating specific techniques or tuning instructions. The music is divided into measures by vertical bar lines. The first staff begins with a fermata over the first string. The last staff concludes with a double bar line and a repeat sign, followed by the text:

Credo degau  
deamus de la  
misma missa.

The musical score consists of ten horizontal staves, each representing a course of a six-course guitar. The notation is tablature, where each horizontal line corresponds to a string. Vertical stems with dots or dashes indicate note heads, and numbers placed above or below the staff indicate specific fret positions. The music is divided into measures by vertical bar lines. The first staff begins with a common time signature, indicated by a 'C' with a '4'. The subsequent staves do not have explicit time signatures but follow the established rhythm of the previous staff.

## Missa de Luisquin.

## Libro quinto.

## Pisador

Handwritten musical score for a six-part setting of the Mass by Luisquin, arranged for a six-course harpsichord (Pisador). The score consists of eight systems of music, each with six staves. The notation uses a unique system of dots and dashes (likely a tablature or shorthand) to represent pitch and rhythm. The first system includes a title and a short text: "Et in carnis  
tus dela mis  
ma missa." The music is divided into measures by vertical bar lines and ends with a final cadence.

This page contains ten staves of musical notation for a six-course guitar. The notation is in tablature, where each horizontal line represents a string. The first staff begins with a fermata over the first string. The notation includes various symbols such as dots, dashes, and numbers (e.g., 3, 4, 5, 6, 7, 8, 9, 10) placed above or below the strings, likely indicating specific fingerings or techniques. The music consists of a series of measures separated by vertical bar lines, with some measures containing multiple notes per string. The notation is continuous across all ten staves.

## Píslador.

Et sp̄itū san  
ctū de la mis-  
ma missa.

The musical score consists of ten horizontal staves, each with five lines. Vertical stems with small numbers (e.g., 0, 1, 2, 3, 4, 5, 6, 7, 8, 9) indicate pitch and rhythm. The notation is organized into measures separated by vertical bar lines. The first staff begins with a measure of six notes, followed by a measure of four notes, and so on. The lyrics 'Et sp̄itū san' and 'ctū de la mis- ma missa.' are placed between the first and second staves. The title 'Missa de Iusquin' is at the top left, 'Libro quinto.' is in the center, and 'Píslador.' is at the top right.

The page contains five staves of musical notation. The notation is a form of tablature or shorthand, using dots and dashes on a five-line staff. The first four staves are grouped together and labeled at the top: 'Motetes.', 'Libro sexto,', and 'Pisador.' The fifth staff is labeled 'Segunda parte de die motete.' on its left side. The music is divided into measures by vertical bar lines, and each measure typically begins with a dot and ends with a dash. There are several rests represented by vertical lines with a small crossbar. The notes are mostly eighth notes, though some sixteenth-note patterns are visible in the later staves.

The musical score consists of ten horizontal staves, each representing one of the six courses of a guitar. The notation is tablature, where each vertical column of dots and dashes indicates the position and duration of a note on a specific string. The first staff begins with a note head containing a vertical stroke, followed by a series of notes with horizontal stems. Subsequent staves continue this pattern, with some staffs starting with a note head containing a vertical stroke and others starting with a note head containing a horizontal stroke. The notation includes various note heads with vertical or horizontal strokes, and vertical strokes indicating rests or specific performance techniques. The music is divided into measures by vertical bar lines.

The musical score consists of ten staves of tablature, each representing a six-string guitar. The notation uses a unique system of symbols: dots for open strings, dashes for muted strings, and numbers (e.g., 1, 2, 3, 4) indicating which finger to use on which fret. The first staff begins with a series of open strings (dots). The second staff starts with a muted string (dash). The third staff features a mix of open and muted strings. The fourth staff includes fingered notes (e.g., 1, 2, 3, 4). The fifth staff contains mostly muted strings (dashes). The sixth staff includes fingered notes and muted strings. The seventh staff features a mix of open and muted strings. The eighth staff includes fingered notes and muted strings. The ninth staff contains mostly muted strings. The tenth staff ends with a final series of open strings (dots).
